

GS1 Global Forum 2019 Workshop Schedule								
Knowledge & Skills		Healthcare	Data Services	Retail		Emerging Sectors	Solutions & Innovation	Board Meetings
Become more efficient and effective in your daily GS1 work. These sessions will help you develop GS1 expert knowledge and skills.		Safer, more efficient care starts with a simple scan. Learn about all the latest opportunities and developments for GS1 in healthcare.	Building tomorrow today. The entire scope of GS1 data services will be covered, including what is happening now—and long into the future.	Retail is transforming and GS1 is there to serve the industry in meaningful ways. Sessions in this robust track include Marketplaces, Apparel, CPG, Foodservice, Fresh Foods, General Merchandise and Transport & Logistics.		There are more opportunities than ever in these growing sectors. Learn about the latest GS1 Global LEI Service developments, as well as what's happening in Technical Industries.	Identification and authentication make everything possible! Our current work in traceability, blockchain, web standards and Fighting Illicit Trade (FIT) will be featured, as well as how GS1 is preparing for the future by examining business trends and technologies.	Leading the future of GS1 are our governing boards and GS1 MO leaders. Board meetings are restricted access, only for board members and their guests. Presidents & CEOs session is also restricted access as a board function.
